## Of All the States Except Eleven Appoint Delegates to Road Congress.

WASHINGTON, Sept. 27.—With the exception of the executives of eleven states all the governors in the United States have appointed delegates to represent their respective communities at the American Road Congress to be held at Atlantic City, September 30 to October 5. It is expected that the eleven governors who have not yet been heard from will appoint delegates within the next week.

Among the governors who have wired President Logan Waller Page, of the congress, that they have appointed delegates to officially represent their states are the following: Governor Foss of Massachusetts, Governor Baldwin of Connecticut, Governor Carey of Wyoming, Governor Harmon of Ohio, Governor Carroll of Iowa, Governor Cruce of Oklahoma, Governor Bass of New Hampshire, Governor Goldsborough of Maryland, Governor Dineen of Illinois, Governor McCreary of Kentucky, Governor Hunt of Arizona, Governor Pennywell of Delaware, Governor Brown of Georgia, Governor O'Neal of Alabama, Governor Pothier of Rhode Island, Governor McDonald of New Mexico, Governor McGovern of Wisconsin, Governor Hawley of Idaho, Governor Colquitt of Texas, Governor Tener of Pennsylvania, Governor Glasscock of West Virginia, Governor Mann of Virginia, Governor Mead of Vermont, Governor Marshall of Indiana, Governor Hall of Louisiana, Governor Gilchrist of Florida and Governor Osborn of Michigan.

While the governors of North Carolina, South Carolina, New York, Montana, and Tennessee have not appointed delegates, each of these states will be represented by an official exhibit and the highway department of each will have representatives present at the congress.

Among the railroad presidents who have just informed President Page that they will be present at the sessions of the congress are James McCrea of the Pennsylvania Railroad Company, B. F. Yoakum of the Frisco lines, L. E. Johnson of the Norfolk & Western, and George W. Stevens of the Chesapeake and Ohio.

Among the other belated acceptances are those of the minister of agriculture and roads of the province of Quebec, Hon. J. E. Caron; Chief Engineer de Pulligny of the French government; Col. Spencer Cosby of the corps of engineers, U. S. A.; Prof. William H. Burr of Columbia University, who is one of the foremost consulting bridge engineers of the world; Lee McClung, treasurer of the United States; Col. George Harvey; Mayor Fitzgerald of Boston; Frank B. Kellogg, president of the American Bar Association, and General John C. Black, president of the United States Civil Service Commission. Mayor Gaynor has sent word that the chief engineer of each of the boroughs of New York will attend the congress.

Governor Wilson of New Jersey has not appointed delegates to the congress because he will be present himself to make the address of welcome while the highway commissioner of the state will preside over the construction and maintenance section.

## SENATOR

(Continued from page two.)

charges of bribery made against the Democrats in their senatorial caucus, had the assurance of a number of leading Democratic senators given privately and on the floor of the Senate, that they only desired a day or two's postponement, when they would see that the resolution was taken up and put through. When these assurances were given in the Senate by Senators McIntire, MacCorkle and Peterkins, Senator Sutherland inquired of Mr. Peterkin if he (Peterkin) would agree to call up the resolution, if it were tabled, in the event that Mr. McIntire, who promised to do that, failed to keep his promise. "Mr. Peterkin replied that he would personally pledge himself to do that very thing. Upon that assurance, doubtless wishing to be courteous in the matter, Dr. Hatfield cast his vote in favor of the McIntire motion. The Democrats in this instance took advantage of the courtesy of Dr. Hatfield to carry out their nefarious scheme of preventing any investigation, and acted toward him with the perfidy that characterized them in this whole matter.

### The Candidates Compared.

Besides all the above reasons for supporting Dr. Hatfield, a personal comparison of him with the Democratic nominee, Mr. Thompson, is more than favorable to Dr. Hatfield. Mr. Thompson's nomination was dictated and controlled by the Watson-

## DON'T NEGLECT CATARRH

Even in its early stages Catarrh is a most distressing complaint, known by its symptoms of stuffy feeling in the head and nose, roaring in the ears, mucus in the throat, difficult breathing, etc. When the blood becomes thoroughly polluted with catarrhal matter the inflammation extends to the bronchial tubes, causing hoarseness and often an aggravating cough, the stomach is affected, resulting in dyspepsia, loss of appetite, and gradually all the mucous membranes of the body become diseased. Catarrh is a deep-seated blood disease and must be treated constitutionally; it is beyond the reach of local treatment. Only temporary relief can ever be had from the use of sprays, washes, etc. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and at the same time building up the entire system. It goes down into the circulation and removes all impurities. Then as pure, nourishing blood circulates through the body, the inflamed membranes heal, all discharges cease and every symptom of Catarrh passes away. Don't neglect Catarrh; cure it with S. S. S. as thousands have done. Book on Catarrh and any medical advice free.

We make precious little on these suits, because it's been a FIXTURE and a FEATURE at our store for years to do something "real special" every year at \$15.
